## BrandHK Promotional Gifts

The simplest way to prevent the spread of COVID-19 is to wash your hands frequently. This automatic dispenser is an ideal promotional item for promoting to your workplace or retail outlets.

Keep your workplace spaces safe and clean! This automatic dispenser is an ideal promotional item for promoting to your distributor network or retail outlets. It will dispense soap or sanitizer automatically when a hand is placed in front of the sensor.

No need for pressing down on a button and risking cross-contamination. The dispenser is made from white ABS plastic and takes 4 x AAA batteries. It is washable and holds up to 200ml of liquid.
There is plenty of room for your logo and safety message!

Product Size: 70x94x188mm
